MERT HAMILTON
AGENT IN CHARGE
ROCANVILLE STONE
PO BOX 35
DELTA UT 84624

Dear Mr. Hamilton:

On August 1, 2006 I sent you a letter reminding you that the amendment of your mining plan for the Tejon Quarries has not yet been approved by the Bureau of Land Management. The approval is pending additional information that was requested on May 26, 2005 and again August 15, 2005. The additional information required consists of:

1. Taxpayer ID number as is required by 43 CFR 3809.401(b) (1).
2. Specific statement whether or not your operation will include blasting.
3. Specific statement as to the need for pallet storage areas.
4. Interim management plan for the periods of winter non-operation.

A review of the file indicates the Operator for the Plan was submitted as Rocanville Stone Corporation. The Utah Department of Commerce does not list a Rocanville Stone Corporation, but lists a Rocanville Corporation with you as the registered agent. Since the submission of the Plan the mining claims on the land involved have expired and new claims have been located. In addition to the information listed above, please confirm the correct operator of the Plan and submit the mining claim numbers and the relationship of the claimants to the operator.

Your operation is currently expanded beyond the approved Notice and Plan and is out of compliance with the Surface Management Regulations. Please submit the required information within 30 days of your receipt of this letter to prevent issuance of a Non-Compliance and Suspension Order.

If you have any questions, please feel free to contact me at (435) 743-3125.

Sincerely,

Jerry Mansfield
Geologist
